HAVING A "WONDERFUL TIME" SALLY McCALLUM WRITES HOME

VERNON (Staff)—Sally McCallum who is in Rome to compete in the Olympic Games, is having a "wonderful time."

Her mother, Mrs. Arthur McCallum, says that in a letter Sally "hadn't even mentioned the heat" which is one of the major concerns of the games.

She is rooming with a girl from Hamilton Ont. who is entered in the 220 meters. They are living in an apartment in Olympic Villa. Sally has her meals in one of the 24 restaurants available to the athletes.

Sally stated she has been going on sightseeing tours regularly. Her daily training sessions run from 10 a.m. to noon on the practice track a half mile's drive from the Villa.

Track and field events begin Wednesday.

VERNON (Staff)—With a cold rain threatening and many people suggesting by Vernon Board of Trade to Vernon City Council, read at Monday night's council meeting, was timely. It applied to winter works.

The trade board pointed out that additional help from both governments was indicated for municipalities prepared to undertake more winter works projects.

"We shall leave no stone unturned to take advantage of the offer. We will take every opportunity to create more employment this winter," commented Mayor Frank Becker.

His Worship charged the aldermen to make a list of suggested projects together with estimated cost; and, in fact, has invited residents to write, or make representations to city council, the city clerk or engineer, for any project he or she has in mind. Residents interested in sidewalk construction are also asked to get in touch with the city hall.

"The city will entertain as much of this type of work as it can," promised the mayor.

The federal government has increased its winter works program to include 50 per cent of costs. The provincial government is prepared to bear an additional 25 per cent of costs of winter works in municipalities, the trade board pointed out, adding that such works would help to alleviate the anticipated unemployment this winter.

These works include street and traffic light projects, construction of parks and parking areas, sewage treatment, and construction of municipal buildings.

ARMSTRONG SOCIAL NOTES

ARMSTRONG (Correspondent)—Stephen Heal, Jr., returned to his home at the weekend, after spending the school holidays in Portage la Prairie, Man., where he visited relatives.

T. A. Hazlett of Marshall and Stevens (Canada) Ltd., Vancouver, was a business visitor in town on Monday.

Mr. and Mrs. Dave Price and family of Smithers, B.C. are visiting Mr. Price's mother, Mrs. E. Price.

Mr. and Mrs. John Danallanko left at the weekend for Vancouver where they will spend a few days.

Mr. and Mrs. Laurie Meggall of Langley, B.C., have been spending a sort holiday with Mr. Meggall's parents, Mr. and Mrs. William Meggall.

Mrs. Gerlie Leshner of Vancouver arrived Sunday morning, and will visit her sister-in-law, Mrs. Vieta Sproat.

Mr. and Mrs. Alden Bigsby and three children of Castlegar, B.C., arrived Saturday to spend a week with their parents, Mr. and Mrs. R. J. Sarell and Mrs. Bigsby.

Miss Brenda Harrison of Vancouver is visiting her parents, Mr. and Mrs. Howard Harrison, and will continue her nurse's training on her return to the coast.

Sally Greeted Vernon YMCA

VERNON (Staff)—Miss Sally McCallum, currently taking part in the Olympic Games at Rome, has sent a wire to Vernon YMCA officials.

The telegram, read at the "Y" meeting Monday night, stated: "I thank you. Think I'm invaluable for Vernon children. Am behind program 100 per cent."

The YMCA steering committee had sent a wire to Miss McCallum Friday wishing her luck in Olympic competition.

SOCIAL NOTES FROM LUMBY

LUMBY (Correspondent)—Back visiting her friends in Lumby is Mrs. E. Bearley from the coast.

Mr. and Mrs. Bert Ratcliff and daughters of Pease, Alta. have been renewing acquaintances in Lumby. After leaving Pease, the Ratcliffs travelled the Alaska Highway and the John Hart Highway. While in Lumby, they visited the R. Deaneys and W. Ingles. At one time Mrs. Ratcliff was employed in the logging industry in the Mabel Lake area.

Mrs. Dorothy Montgomery, Lumby, flew to Vancouver on the weekend to spend a week visiting relatives and friends.

Mrs. C. Bloom is a patient in the Vernon Jubilee Hospital.

100 Blind Persons Attend Picnic

VERNON (Staff)—Approximately 100 registered blind persons attended a picnic Sunday in Elk's hall.

The picnic, which was scheduled for Polson Park, was held in the hall owing to bad weather.

Mayor Frank Becker welcomed the guests, who came from Kamloops to Penticton, on behalf of Vernon City Council.

Bishop A. H. Sovereign gave an address while Rev. C. E. Reeve said grace.

Jack Pollard was master of ceremonies.

BRITISH ANTI-TANK MISSILE GETS TEST

The British Vickers Vigilant wire-controlled anti-tank missile, ordered by the British government for official infantry trials, is shown undergoing field tests in England. The missile, said to be lethal against the heaviest known tank armor at ranges up to a mile, is controlled by a trailing wire from a hand-held unit. Missile carrier box and control unit weigh mere 45 pounds. (CP Wirephoto)

DICKSON PROUD OF LADS

Lumby Minor Ball Team Still Talk of the Town

LUMBY (Correspondent)—Greg Dickson, principal of Charles Bloom high school is back at his desk busily preparing for school opening.

But there is one topic that he willingly stops to talk about and that is the Lumby minor ball.

President of the Lumby association, he is very proud of his boys who earned the right to participate in the Connie Mack tournament at the coast.

Although the team was defeated, he is quick to say they made "a very good showing" and were by no means completely outkanked.

This was the first year the age limit was raised in the SOKM league to 19 to conform with the Connie Mack requirements. However, Mr. Dickson feels his players will have to improve a great deal if they are going to compete with coast teams. Generally, Vancouver boys are older and much bigger.

He told a story of Lumby's Marcelle Charest, the shortest one on Lumby's squad, going after a drive near third. As he made contact with the ball, he slipped.

"It almost looked like it had knocked him over," However, he recovered quickly, making one of his fast throws, putting the runner out.

VERNON COUPLE WED 60 YEARS

LUMBY (Correspondent)—Mr. and Mrs. Robert Norman Pointer, Vernon, will be "at home" to their friends on Sunday afternoon and evening.

The event will be held at the home of their son and daughter-in-law, Mr. and Mrs. Les Pointer, Whitevale Road. It will be their 60th wedding anniversary.

Lumby's Mill Road Gets A New Name

LUMBY (Correspondent)—The Mill Road south of Lumby now has a new name. Henceforth it will be known as Whitevale Road.

This road runs south about two miles then turns west, joining another road that has a new name, Dure Meadow Road. This road joins the Lumby Vernon Highway about three miles west of Lumby.

SCHOLARSHIPS TO BE AWARDED AT LUMBY

LUMBY (Correspondent)—High school graduates of Lumby will soon know who has won the scholarships available to them.

Lumby Timber Company sponsors two, Lumby Lions, one, and a new scholarship has been inaugurated this year by Mrs. C. Bloom.

The decisions will be made at a meeting between Greg Dickson, principal of the Charles Bloom high school, and the donors. An announcement is expected by the middle of this week.

Many Yugoslav blacksmiths can forge a horseshoe around an egg without breaking the shell.

Committee Will Decide Future Of YMCA In Vernon

VERNON (Staff)—The Vernon YMCA committee will decide a recreational survey being made was "good."

"After the presentation of the commission brief, city council appointed a committee to look into the situation. The action of the committee was withheld until the end of the Y summer fun program."

The cost of such a survey would amount to approximately \$1,750. George Melvin, former alderman who was in the audience, commented Dr. Stevenson.

"The Recreation Commission did try to get somewhere since it was started," he said. Mr. Melvin enthusiastically agreed that the \$500 given by the city was put to valuable use.

Mrs. Vera McCullough said the commission was different from the YMCA.

"The Recreation Commission has helped hundreds of children quietly," she said, emphasizing that the commission was a coordinator of activities.

"We are not trying to put across Y instead of another organization," said Mr. Harrell.

"We differ on the point that the Y wanted a survey as to whether Vernon needed Y."

He added that the survey was not guaranteed and it may be some time before it is made.

"We (YMCA) are rolling now ahead," he said, "and we wait till we run out of steam," he explained.

TODAY'S STOCK QUOTATIONS

TORONTO (CP)—The stock market was marking time today after a morning of light trading, although most sections were showing small losses.

On index, industrials were off 18 at 503.38, golds were off 13 at 81.93 and base metals eased. Although most sections were showing small losses.

Western oils gained .01 at 88.45.

The 11 a.m. volume was 327,000.

B.C.'s Minister Of Mines Denies Giveaway Charge

WESTBANK (Staff) — How away the rich and mostly undeveloped resources of the province Monday night the Social Credit government is "giving petroleum resources was speaking on behalf of South Okanagan Social Credit standard-bearer, Premier W. A. C. Bennett, a man referred to by the Chilliwack MLA as being "dedicated to the well-being of British Columbia."

KELOWNA and DISTRICT

Tuesday, Aug. 30, 1960 The Daily Courier Page 3

Canned Pork Distribution By District Civil Defence

Civil defence authorities in Kelowna will once again sponsor a canned pork distribution this week with the establishment of two outlets in Peachland and Westbank.

Both will be open Wednesday, Thursday and Friday maintaining office hours of 7-9 p.m.

The two outlets, where welfare recipients may receive their free pork will be situated at the Peachland Legion Hall and the Westbank Windmill.

The canned foodstuff was made available through a government surplus.

Only those showing welfare identification will be given the pork.

Over 70 cases have been dispatched to Peachland. The majority of these cases result from an earlier giveaway held in Kelowna.

The response to the Kelowna effort, civil defence spokesmen said, was "very good."

The organization also announced plans for three free courses it will offer Kelowna and district residents beginning in mid-October.

It plans on introducing home-nursing classes as a part of adult night school at the Kelowna Junior High School and at the George Pringle High School in Winfield.

Also tentatively scheduled are a Kelowna city employees' heavy-rescue course and a search and rescue course.

The search and rescue course will train residents in the rescuing of people involved in plane crashes in the area.

All courses will be instituted if there are enough applicants.

into "severe bargains" before they are allowed into the province and that with strict government control, "British Columbians have little to worry about when they think we're dealing under the table in favoring a few."

He said his government stood for all of British Columbia and that at such time as it may make a mistake in handling the province's business, "we will come forward and admit it as men."

Much of Mr. Kiernan's speech dealt with his own specialization—that of mines and petroleum resources.

"VICIOUS CIRCLE"

He explained the government was in the middle of a vicious circle noting it was having to construct modern highways so that the development of the north might proceed at a much-accelerated rate.

Outside interests he said, were being attracted to the province through these better roads.

"To have industry," Mr. Kiernan said, "you must have adequate transportation. They're inseparable."

The Chilliwack MLA also dwelled in great detail with the hydro development projects at present being planned by the provincial government.

He dwelt at length on the Columbia Power project plans—which he described as being nearly complete. He said it was his hope, the project would be given the "green light" in the not too distant future.

"Two years at the most," he said.

Mr. Kiernan, who emphatically denied "Vancouver is the only city in the province" in reference to the Peace River power development, speaks tonight in Falkland.

BAY OPENS THURS.; SUPPLEMENT SLATED

There are just two days to wait.

Two days before the Hudson's Bay Co., Kelowna's first "one-stop department store," opens its door for business.

The manager and staff have extended a welcome to all, for opening day Sept. 1.

In recognition of the event The Daily Courier carries an eight-page supplement featuring commodities at the Bay, in today's issue.

Business Licences

Trade licences have been issued to the following individuals:

Max Klussman, 786 Lawson Ave., rooms for rent (3).

H. G. Elvedahl, wood dealer, outside city limits.

LITTLE CRIME HERE

The July police report to the city indicates the crime situation was "generally good" in Kelowna.

A total of \$1,105 was collected in fines.

The liquor situation was said to be "good" and six bicycles were stolen. Four were recovered.

PARADE 'GIMMICKS' BAN IS REQUESTED

The South Okanagan Health Unit has asked city council to prohibit the throwing of samples and advertising gimmicks from moving vehicles during parades in the city.

A health unit spokesman, in a letter to council contended such action caused a litter problem as well as a traffic hazard.

"Several children" were seen darting into the street for such items during the Regatta parade, the spokesman said.

He added small children had been seen reaching over a moving chain-saw to recover a giveaway gimmick during the parade.

Mormons Plan Parley

James Meek, first councillor of the Kelowna branch of the Mormon Church, will head a delegation of 25 to a conference and rally in Penticton, Wednesday.

The conference will be addressed by Elder ElRay L. Christensen, an assistant to the Council of Twelve Apostles of the Church of Jesus Christ of Latter-Day Saints. He is president of the Mormon Temple in Salt Lake City.

'Slight Dip' Noted In Apple Harvest

OYAMA—T. S. Towgood, chairman of the industry elections committee, recently addressed a meeting of the Oyama local of the British Columbia Fruit Growers' Association.

Mr. Towgood read the majority and minority reports of his committee, which had come into being as a result of the 1960 convention.

The report had previously been read by Mr. Towgood to southern, central, northern and Kootenay district councils.

H. Byatt, reporting for B.C. Tree Fruits' board of governors, read estimate figures on apples for North America and Europe.

The trend existing today showed a slight dip in North American estimates but a big increase in the European estimate.

He also indicated first results of tests to extend the cherry marketing season have been "most encouraging." The tests are incorporating poly-packages.

A. W. Claridge, reporting for Sun-Rype Products Ltd. gave a complete rundown of sales and stocks of various products and stated Sun-Rype had received approximately 18,000 tons of apples in 1959.

A. Claridge dealt with deer damage in Oyama and the startling and pocket gopher problem. He reported an amalgamation study will probably be undertaken in the southern area involving three packinghouses.

The BCFA, he said, has made a \$1200 grant toward the new grader being installed by the Vernon Fruit Union.

Political Forum Set For Oyama

OYAMA—Four candidates for North Okanagan in the Sept. 12 provincial election are to participate in a political forum here.

The forum, scheduled for 8 p.m. Saturday, at the Oyama Community Hall, is being sponsored by members of the local Packing House Workers Union.

Speaking from the same platform will be Mrs. Isabel Potchary, CCF candidate; Jack Davis, Liberal candidate; John Kosty, Conservative candidate, and Nick Kilm, Communist candidate.

The Social Credit standard-bearer, Hugh Shantz, has declined an invitation to appear, as he has already held a meeting in Oyama.

Little Registration For Caravan 97

Mayor R. F. Parkinson has expressed concern over a report that there has been little registration from Kelowna for "Caravan 97" arriving here Sept. 7.

"For Kelowna's sake," he said, "we should have representation."

While registration for the provincial motorcade class, ending this week, it is understood there is still space reserved for late registrations.

Get-Together Planned By Trustees, Council

City council here will attempt to "get-together" with trustees of the Kelowna School Board in early October to "discuss problems of mutual concern."

The suggestion for such a meeting came jointly from the Union of B.C. Municipalities and the B.C. School Trustees Association.

No Inter-Party Strife States House Speaker

The Social Credit government of British Columbia is not being rocked by internal rifts. In fact, the government is working together just as harmoniously today as it was when it first assumed power in the legislature in 1952.

Charges of a rift within the ranks occurred Monday afternoon when it was announced reports intimating such were the case.

Making the denial as a result of a Daily Courier check this morning was North Okanagan MLA, L. H. Shantz, speaker of the legislature.

The reported rift developed directly from a Social Credit meeting held last week in Winfield at which time potato growers in the area charged Newton P. Steacy, minister of agriculture, with dodging their request for audience to discuss the recently imposed zone restrictions which had been incorporated by the Interior Vegetable Marketing Board.

The irate delegation contended it had arranged through Mr. Shantz a meeting with the agriculture minister from Vancouver, North.

STEACY DENIES

At that time, Mr. Steacy counter-attacked the claim saying he had never been contacted and therefore no meeting was held.

He went on record he was "always available to discuss provincial matters" except when government business took him from the province.

Mr. Shantz, still disbelieving Monday's reports, said he had been approached by the delegation as they contended but that he had been unable to contact the agriculture minister.

A story stating Mr. Steacy received the call and then refused to meet with the farmers got back to the potato growers and thus the row.

This fable, the MLA from North Okanagan said is "absolutely false."

KELOWNA LAD NOW SHEEPISH AFTER LAST WEEK'S "DATE"

A 16-year-old city youth faces his friends with a very sheepish look today.

He "dated" a 14-year-old boy.

The swain made the date when the female impersonator attempted to cash a cheque at the firm where he worked recently.

The young mimic masqueraded as a woman "with a voluptuous figure" while cashing NSF cheques here last week.

He was arrested in Victoria when baggage he had stolen was identified by the woman who owned the luggage.

While here, "she" had her ears pierced and hair done at a city hairdresser.

The Kelownian was unaware his "date" was a boy until informed by police later in the week.

3% Bonds — 1954 Crop Year

Registered holders of 3% Bonds of B.C. Fruit Processors Ltd. for 1954 Crop Year dated August 31, 1955 are reminded that the above mentioned bonds are due for payment on August 31st, 1960, and must be surrendered to the Head Office of the Company, 1165 Ethel St., Kelowna, B.C. before payment is made.

This may be done by mail or in person. If there has been a change of address from that appearing on the bond, please advise us.

J. M. CONKLIN,
Secretary-Treasurer.

This is an unpaid testimonial. Names supplied on request.

"I like Social Credit Government . . . and I'll tell you why"

"Social Credit is the only government in the world that helps people pay the taxes on their homes. That \$50 homeowner grant really meant a lot to me. And I'm positive it meant a great deal to old age pensioners and others of modest means. It shows what can be done when our Province is well run and our resources well managed. Another thing I admire about Social Credit is the way the government has developed electrical power and created conditions that attract new industries. This means more employment. And when you look around and see the new highways, tunnels and the new ferries to Victoria — well, Social Credit certainly gets things done. On September 12th, I'm voting to see B.C. continue to progress. I'm voting Social Credit."

Issued and paid for by the British Columbia Social Credit League

Cyclists Should Be Charged Under Motor Vehicle Act

School will reopen within a few days and that will mean that city and country motorists should exercise additional caution in the neighborhood of schools.

They should, indeed, exercise additional caution on all streets, whether adjacent to schools or not, because oddly enough the reopening of schools appears to increase the wild and foolish bicycle riding on the streets. Driving a car in this town, because of the large number of bicycles and the careless manner in which they are ridden, is more hazardous than it is in most towns. The average driver is so accustomed to the rude and careless antics of most bicycle riders, that when a bicycle accident occurs, the average person's sympathy involuntarily goes to the driver of the car who is assumed to have been innocent. While this is a harsh attitude, it is a normal one.

One wonders why the police do not charge bicycle riders under the motor vehicle act more frequently than they do. Why should not bicycle riders be charged under the "without due care and attention" clause? Certainly the police would have no difficulty in finding plenty of cyclists to prosecute under this charge.

There are careful cyclists just as there are careful car drivers, hunters and others who follow dangerous pursuits. In proportion, however, there are far more careless cyclists. Consequently drivers of motor vehicles are kept in an unnecessary state of anxiety when they are bicycle riders in the vicinity.

Where the offenders are juveniles the need for firm discipline is all the more important. Understanding of and respect for traffic rules should be imparted early, and those who learn to be good cyclists have a better chance of becoming good drivers later in life.

A too-tolerant police attitude towards cyclists who disregard the laws of the street and highway is a mistake. The young rider who is allowed to break the rules without restraint may end up in hospital, or worse. Nor is it fair to haul motorists into court while allowing cyclists—often the cause of serious accidents—to do virtually as they please.

The prosecution of a few of them for careless driving would be a reminder to all that they are subject in every way to the laws governing motorists. It might be a reminder to other police officers also.

A Bird's 'Bird's Eye View'

The term "bird's eye view" generally conjures up a picture of a broad sweep of landscape in which only the large or distinctively shaped or colored landmarks stand out from the mass of small detail that does not register.

But it appears that a real bird can take in a great deal more than that, even although he is much smaller than man. For example, many fishermen cleaning his recent catch on the bank of a lake or stream with seemingly no bird in sight, has marvelled that the moment he got busy with a knife, birds of various kinds, particularly certain kinds of waterfowl, appear out of nowhere.

The same applies to bird feeders who, during the winter, have seen everything from chickadees to cardinals appear as soon as the feeding boxes have been replenished.

But according to conservation officers of the Ontario Department of Lands and Forests, the explanation is simple. They say that a bird's eyesight is generally sharper and cap-

able of reaching farther than that of any other animal.

In a bulletin of the department issued recently it is reported that flying even at high speeds, birds can focus almost immediately. The eye structure of the bird differs from other animals in having a third membrane. This keeps the eyeball moist and serves as a sunshade in strong light, decreasing but not preventing light entering the eye. In dull light the membrane is retracted.

No one, of course, can explain exactly how a bird can see, or how small an object can be spotted from aloft. But, again on the authority of the lands and forests officers, we learn that a mouse can be sighted, apparently, from distances up to a mile while a moving rabbit must seem exceptionally large to an owl or a hawk, judging from how quickly these birds make their deadly dive on the animal.

No wonder that a fisherman and his food can be spotted quickly.

British Scientist Seeks Russian, Not U.S., Aid

By M. MCINTYRE HOOD
Special to The Kelowna Daily Courier

LONDON — Because the Russian Sputniks are much larger, and can carry more scientific equipment than the space rockets being used by the United States, a request has gone from Britain to the Soviet Union asking that a British instrument be launched into space in a Russian sputnik. The request has been made by Professor Lovell, director of the radio-astronomy station at Jodrell Bank, in Cheshire.

Dr. Lovell admitted that he had asked the Russians to place a small radio telescope built at Jodrell Bank into space in a sputnik. This instrument is designed to pick up low frequency waves from outer space approve it.

which could not be picked up from the earth.

REJECTED BY U.S.

Dr. Lovell disclosed that he had previously discussed placing the telescope in an American satellite with the National Aeronautics and Space Administration in Washington. Its reply had been that there was no hope of doing it for many years. The Russian sputniks were far bigger.

There were, Dr. Lovell said, American satellites which could carry the instrument, but trouble

August 1930

The MacLaren Block on Bernard Avenue is now open for business purposes. It is occupied by Campbell and Lewis and Chester Owen. A number of commercial offices in the rear of the building will be ready soon, and will be occupied by H. B. Everard, and Dr. A. S. Underhill and Dr. Lloyd Day.

40 YEARS AGO
August, 1920

At city council meeting, by-law No. 283, in regard to the hotel site in the park was introduced and given three readings. Date for polling on the by-law was set for September 8.

50 YEARS AGO
August, 1910

Misses Myrtle and Annie Hunter were outgoing passengers Friday, the former to take charge of the school at Lillooet, and the latter to Armstrong, to teach the Knob Hill school in that vicinity.

wider grounds for attempted suicide. As the law now stands (actually I know nothing about it) and must refer you to my solicitors, Messrs. Smith, Smith, Smith and Smith) a fellow cannot attempt to commit suicide and thus relieve himself of unbearable tension without being picked up by some young policeman and given a lecture about the precious quality of living.

With a view to alteration of the law, I would plead that there comes a time when every man should be allowed to attempt suicide. Ten to one he will make a botch of it, but at least he will have tried. Twenty to one his courage will fail him but in that case he will elect, and not be condemned by the law, to live.

I would suggest a few instances when the law's minions should be allowed to look the other way and mutter through their peaches on their cheeks, "Go to it, brother, and good luck!" One such occasion is when you settle down after a day's work to watch some programme or other on the Bulbous Eye. All at once the thing goes dead, or it starts having convulsions accompanied by squeaks which are quite fright-

ening. You rush to the set and start jiggling things which should never be jiggled and turning what should never be turned, the result being that before long the internal mechanics of the infernal machine are all upset. It is invariably Saturday night or that particular night when it is quite impossible to get any assistance, or if you do get a promise of help, it does not come. You sit there hour after hour knowing that program after program is passing unseen, even though you saw the same thing a few weeks back. You even try to soothe your feelings and retain your grip on the world by reading the paper, but it is no use. Finally, you go to bed. The next day, a man comes and looks sadly at your set. He takes out handfuls of tubes and flings them in a bag, pockets an enormous amount of money and goes away. That evening you sit down to enjoy a program. More noises. More convulsions, more squeaks. The man is not available. The shop doesn't answer the phone. There is but one thing left to do—or one of two things—either throw the set out on the garbage heap or attempt to commit suicide. Obviously, the set is too valuable to throw out and as life is not worth living without Cartoon Party or Six Gun Theatre, the course one should take is clear, but there is a law which says you must not attempt suicide. You notice the word "attempt". The obvi-

ous thing to do is to succeed and then not even the Chief Constable can touch you.

What goes for TV sets goes also for cars which go wrong at the wrong moment, and telephones which won't work when you need them, or any other of the intricate gadgets with which we have surrounded ourselves. Then there is the moment, always on long weekends or in the evening, social service agencies being closed and the Salvation Army drumming up business on the main street, when the gentlemen of the road move in with their unchanging jingle. There is no one to whom to appeal. The bead is set right on you and there is no alternative but to be stuck or attempt suicide, but the law says, "Naughty! Naughty! You are condemned to live. Attempt to die and into the jug you go, brother!"

It is simply not just. One ought to be able to use the only means of escape left open. To be able to be free from exasperating situations such as I have outlined should be every man's right. But I had better keep quiet about all this or I shall have the church on my neck and may even be rebuked by the Editor. What could be more frightful? Well, I know an "out". See you up (or down) yonder!

LEG UP TO CITIZENSHIP

In contrast to our national pitance, one Canadian has made a priceless contribution to our underprivileged brothers of the Commonwealth in another part of the world: Africa's most populous country, Nigeria, which nearly doubles our own population figure.

This Spring, when visiting England during the meeting of the Commonwealth Prime Ministers, I was invited to lunch by Roy Thomson, recognized as the outstanding figure in journalism in the world today, who has achieved the long and difficult climb from Timmins, Ontario, to the international summit.

Fellow guests at lunch were Chief Akintola, premier of Western Nigeria; Chief Odebiyi, his Finance Minister; and, a third member of the Cabinet, his Attorney General.

The conversation centred around the project that Roy Thomson should contribute the know-how, the skilled staff, the modern plant and the finance, needed to launch a national newspaper service for Nigeria.

QUICK EFFECTIVE ACTION

From that recent seed there has already germinated a full-fledged plan to provide Nigerians with an efficient modern national

press, including a daily newspaper, a Sunday newspaper and a weekly. The first is entirely new; the others will be revamp-

ed and immensely improved versions of existing sheets.

Probably never before in history has a modern newspaper industry been provided on a nation-wide scale almost overnight. Certainly never before has an emergent nation been so expeditiously equipped with the Fourth Estate so essential to the modern democratic processes.

Roy Thomson has declared his philosophy to be applied in Nigeria, just as it has long been implemented in his newspapers across Canada, in Britain and in the U.S.A.: "I do not decide editorial content. I want honest newspapers, serving the interests of all the members of the community. Direction will be entirely in the hands of editors and managers on the spot."

This helping hand extended to Nigeria will cost Roy Thomson a lot of money and, more important, much skilled manpower everywhere in short supply. All profits will be reinvested in the enterprise. This is an altruistic step to build Commonwealth strength and solidarity, not a commercial venture to augment the Thomson fortune.

Women in some West African tribes use silver coins as ornaments for their hair.

OTTAWA REPORT

A Boost To Colombo Plan

By PATRICK NICHOLSON

One Canadian has done more to help our Commonwealth brothers in an undeveloped area than our government has achieved by spending \$331,000,000 of our money over the past ten years.

Canada is a contributor to the Colombo Plan. Probably eight of every ten Canadians have never heard of this, while a ninth would guess that it is the road map of a South American city. In fact, the badly publicized Colombo Plan was formed ten years ago as a channel whereby the nations of the Commonwealth could contribute invaluable material aid and technical know-how to the undeveloped Commonwealth nations in Asia—with no strings attached, but with more bureaucratic bumble and less flamboyant fanfare than the communists have displayed in extending their tentacles into Asia.

Canada's contribution has been generous in size, but unimaginatively materialistic, and negligently in comparison to our capacity to give. One critic estimated it at the equivalent of three cigarettes per Canadian per week—not a gift imposing any self-sacrifice upon the donor. In contrast, we should recall the pungent revelation of Dr. Brock Chisholm, who recently told a group of Parliamentarians here that any 17 million Asians could improve their standard of living if just permitted to encamp upon the garbage dumps of Canada, where more food and material goods are discarded than they are able to buy.

Penticton Vees Set Up New Executive

PENTICTON (CP) — Penticton's got a new lease on life Monday night when a complete new executive was elected at a special emergency meeting called to help the club through another of its ups-and-downs.

Heading the new executive of the Okanagan Senior Hockey League club is president George (Scotty) Gordon, with Bill Harris as vice-president and Ralph Benson secretary-treasurer.

Except for manager Gerry Dent, the entire former executive resigned last week in a dispute over the failure of a fund-raising campaign.

The new executive confirmed Dent's appointment as manager and that of Jack O'Reilly as coach.

Plans are going ahead to step up the fund-raising campaign, and O'Reilly was given instruction to continue negotiations aimed at building a strong OSHL contender.

Dent said later that "although the club is far from out of the woods yet, things certainly look a lot brighter than they did a few days ago and I feel certain now that the Vees will be a big factor in the OSHL this season."

Thomas Swats Two Long Ones For Padres

By THE ASSOCIATED PRESS

San Diego's hard hitting Valmy Thomas swatted out a couple of long ones Monday night to dim Salt Lake City's hopes of overtaking second-place Tacoma in the Pacific Coast League baseball race.

The Padres beat the Bees 3-2 on the strength of a rally in the last two innings. Thomas tripled and later scored in the eighth, then doubled in the winning run in the ninth.

Tacoma strengthened its grip on second with a 9-5 victory over Sacramento, also gained in the ninth inning. The score was tied at five-all as the final frame opened.

Seattle at Vancouver was rained out for the second night in a row. The two teams will play double headers in Seattle Friday and Sunday.

Portland and Spokane were idle.

The third place Bees' Tom Parsons had a two-hitter going into the eighth but ended up with his sixth loss against 11 victories.

Salt Lake got the scoring under way when Hank Mitchell doubled in the second, and Chick King tripled him home. In the fifth, Ken Tothman tripled and Jim Baumer singled him home for the other Salt Lake run.

Three two-run homers marked the game in Sacramento. The Solons' Jack Littrell hit one in the sixth and teammate Mike Krsnich followed suit in the seventh. Tacoma's Jose Pagan hit one in the eighth to tie the score.

WOMEN

On The Fairway

Draw for the Women's Golf Club monthly medal round set for Thursday is as follows:

- 9:00 J. Campbell, H. Ahrens, H. Lambert
- 9:06 L. Bailey, R. Oliver, H. Shirreff
- 9:12 G. Johnston, J. Underhill, H. Vander Vliet
- 9:18 M. Walker, M. MacKenzie, B. Meikle
- 9:24 B. Lakin, M. Prag, N. Gale
- 9:30 A. MacLennan, V. Jones, G. Kerry
- 9:42 I. Parker, M. Walrod, E. Kennedy
- 9:48 M. Stewart, G. Mason, C. Lupton
- 9:54 J. Reekie, F. Evans, G. Metcalfe
- 10:00 A. deWyffert, N. Gray, F. Finucane
- 10:06 H. Kelly, B. Jackson, K. Currell
- 10:12 R. Brown, W. Crooks, G. Newby
- 10:24 O. Gage, M. Pettman, M. Butler
- 10:30 D. Shotton, R. Caley, M. DeMira
- 10:36 N. Hendrick, G. Russell, D. Joyce
- 10:42 G. Holland, E. Boyd

Last week's low net for the first nine holes was taken by Marie MacKenzie.

In junior championship play, the cup and first prize went to Ruth McLaurin. Gail Snelson was runner up.

Leigh Wilson took top honors in the first-year nine-hole junior event and Sidney Lambert placed second and Nancy Crane third.

Next week will be the President's Vice-President competition.

Arnold Palmer Takes \$1,800

DUNEDIN, Fla. (AP)—Arnold Palmer of Ligonier, Pa., picked up another \$1,800 in golf winnings last week, raising his season's earnings to \$75,400.

In second place among money winners announced Monday by the United States Professional Golfers Association is Ken Venturi of Palo Alto, Calif., with \$11,900. Dave Frankel of Teaneck won the 300-metre freestyle, 21st, ranks third with \$38,500.

AL ROUNDUP

Bucs Back on Flag Road As Orioles Chase Yanks

By JOE REICHLER Associated Press Staff Writer

Pittsburgh was back on the pennant road today, headed for its first flag in 33 years. And Vern Law, ace Pirate right-hander, was in position to become the first Pirate pitcher to win 25 games since Burleigh Grimes racked up that many victories in 1928.

Pittsburgh broke a four-game losing streak Monday night and Law posted his 19th triumph as the Pirates walloped Los Angeles 10-2. The Pirates maintained their 5½-game lead over St. Louis, a 3-0 victor against Milwaukee. Philadelphia blanked San Francisco 2-0. Cincinnati and Chicago were idle.

Law permitted eight hits for his eighth straight victory and fifth over the Dodgers.

Catcher Hal Smith and Don Hoak supported Law with three-run homers. Hoak added a triple and drove in four runs. Law also chipped in with a home run.

TIGHT TUSSELE Larry Jackson hurled the Cardinal shutout. He yielded just three hits and did not permit a Milwaukee batter to go beyond first base. The Redbirds advanced just six hits off loser Joey Jay and Ron Pleche and did not score until the seventh. Stan Musial drove in a run for St. Louis.

Alex Grammas, subbing for the injured Daryl Spencer at shortstop, broke the ice in the seventh when he singled, advanced on a wild pitch and scored the first run on Curt Flood's single.

The victory, their fourth straight, enabled the Cards to climb into second place.

American League Associated Press Staff Writer "We'll make a lot of mistakes, as kids are wont to do. But should we manage to stay fairly close during the first half of the season, then watch out for us during the second half."

Baltimore manager Paul Richards' prophetic spring statement was recalled following the Orioles' 4-0 victory over Chicago White Sox Monday night which boosted them to within 1½ games of the idle first-place New York Yankees in the American League.

Richards' Orioles made lots of mistakes early in the regular season but with spectacular pitching they were only 4½ games behind the leaders at the mid-season mark.

During the second half of the campaign, Baltimore has been the hottest club in the league. Paced by such bright young stars as Brooks Robinson, Ron Hansen, Jim Gentile, Mervyn Breeding and Jackie Brandt, and such veterans as Gene Woodling and Gus Triandos, the Orioles blended a strong attack with their standout pitching.

BEST RECORD Since the all-star break, Baltimore has won 29 while losing 15. During that same period the Yankees have won 28 and lost 19 and the White Sox have won 27 and lost 19.

Monday night's victory was Baltimore's second straight over the third-place White Sox who dropped 3½ games behind first, two behind the Orioles.

Cleveland defeated Washington 6-4 to move within two games of the fourth-place Senators. Boston Red Sox whipped Kansas City 4-1. The Yankees and Detroit were idle.

HAMMER LIONS 26-0

Eskimos Take Advantage Of Weak Offensive Play

By THE CANADIAN PRESS

Let's call it another, then sent for Calgary. Doug Brown converted three and also got a pair of singles on missed field goal attempts.

Roughrider touchdowns were scored by Clair Branch and Hial Williams. Reg Whitehouse converted both and Len King kicked a single.

Wylie's touchdown came on a 110-yard runback of a Saskatchewan kickoff in the second quarter. The WIFU record is 112 yards, set in 1952 by Dave West of Calgary against Saskatchewan.

Stampede moved the ball 295 yards, 251 along the ground. Saskatchewan, working under quarterback Don Allard, gained 298 yards with 100 coming through the air.

The roughriders had 21 first downs compared with 17 for Calgary. The Lions play the Blue Bombers in Winnipeg Thursday.

Have Gravel Will Travel For Your SAND GRAVEL CHIPS FILL BULLDOZING Call HILLTOP SAND AND GRAVEL Ph.: Days 4-4141, Res. 2-3406

MOUNT GROUND ATTACK The Stamps showed their first real attempt of the season to strike along the ground, moving well under Cichowski's direction. They led 14-0 after the first quarter, 21-8 at the half and 22-15 in the third quarter.

Gene Filipski, Don Stone and Harvey Wylie scored touchdowns.

A crowd of 28,420 in Empire Stadium saw the Lions fail to get inside the Edmonton 30-yard line. B.C. fumbles and a pass ckeck of Saskatchewan—sitting on interception gave the Esks a 23-0 lead in the first quarter. The other points came on a field goal in the third quarter.

Jackie Parker, playing out of the halfback slot, booted two field goals and two converts to move into a first-place tie with halfback Curver Shannon of Winnipeg in the individual scoring race. Both have 31 points.

Don Getty, who quarterbacked the whole game, scored one touchdown on a 17-yard run, passed seven yards to end Jim

Riders Win Over Ti-Cats But Lose Russ Jackson

By DON HANRIGHT Canadian Press Staff Writer

OTTAWA (CP)—All the exhilaration of a 29-21 victory over Hamilton Tiger-Cats was lost to Ottawa Rough Riders Monday night in the doubts surrounding the immediate future of mainstay quarterback Russ Jackson.

The 22-year-old Canadian signal-caller, key to the Riders' gradually-improving and already impressive ball control, suffered a major injury in the late stages of a bruising battle that racked up key personnel on both squads.

He left the field with his chest swathed in tape and was taken to hospital for x-rays to determine possible rib fractures. Coach Frank Clair expected to have the results later today.

There was speculation in the Rider camp that Jackson may

be lost to the club for several games, at least. Having cut smooth, passing import quarter Vito (Babe) Farill, Clair is left with American rookie Ron Lancaster, virtually untried at offense.

TICATS SUFFER TOO Meanwhile, Hamilton coach Jim Trimble saw his injury troubles compounded in defeat—the third in as many games for Tiger-Cats—when halfbacks Jim Joyce and rookie Steve Hmiel were knocked out with leg injuries described by Trimble later as being "bad."

The Hamilton loss left the Big Four champions at the bottom of the league standings. Ottawa moved into second place, one game behind Toronto Argonauts and one ahead of Montreal Alouettes.

Jackson, who led Riders in a 35-6 drubbing of the Ticats at Hamilton Friday night, ran the option play to near perfection Monday night, passing little and wearing down the Hamilton defense with repeated ground rushes.

Ron Stewart, former Queen's University great, counted two Ottawa touchdowns on eight- and 10-yard sweeps and was fast enough to pile up 93 yards in 14 carries, as against the 114-yard performance for league rushing titlist Dave Thelen.

ONE FOR JACKSON Jackson went over for one four-yard touchdown himself and passed from the Hamilton 27 nearly to the deadline for another touchdown by end George Brancato.

Schneider kicked three converts and Jim Conroy picked up the other two points on punts, which Hamilton's Ron Howell dropped in the end zone on both.

Quarterback Bernie Faloney of the Ticats fired touchdown passes twice to end Paul Dekker, his favorite target in a persistent aerial attack, and hit halfback Zeno Karcz in the end zone for the other. Fullback Gerry McDougall booted the three converts.

Riders, edging Hamilton 24 to 17 on first downs, outrushed the Tiger-Cats 315 yards to 137. Faloney was good on 13 of 23 pass attempts for 259 yards, while Jackson completed four of seven and Lancaster missed on two attempts.

Richardson Retains British Heavy Crown

PORTHCAWL, Wales (AP) — Dick Richardson of Wales, Europe's heavyweight boxing champion, retained his title Monday night by stopping Brian London of Britain in the eighth round.

London, who once fought heavyweight champion Floyd Patterson, was forced to quit because of a cut eye. The 26-year-old former British champion had had the better of a rugged fight that was fast turning into a brawl.

In the eighth round the boxers shouted angrily at each other and referee Andrew Smyth pulled them apart and gave London a stern lecture. Earlier he had against the exhibition of women-wear in fashion shows, head up.

PRESS DEMANDS FOR MONEY

British actresses Patricia Owens, left, and Lady Mary Hardwicke, centre, pose in court in Santa Monica, Calif., where they appeared to press demands for money from their estranged husbands. Lady Hardwicke received \$400 monthly in temporary alimony from Sir Cedric Hardwicke, right, pending trial of her divorce action. Miss Owens was awarded \$750 a month temporary support from Jerome Nathanson. —(AP Wirephoto.)

Buying Splurge Expected, But Fingers Crossed

NEW YORK (AP)—American businessmen — and the money managers — are laying plans for the traditional upturn after Labor Day—but this time with fingers crossed.

They're getting set for an increase in buying demand—but that depends on how consumers feel and also on how businessmen themselves feel about the outlook for fall.

The U.S. federal reserve system will make more bank credit available by Labor Day.

Usually more credit is sought in the fall to finance retail preparations for back-to-school and Christmas business, and to finance the progress of crops from the fields and orchards to the grocery shelves.

Merchants expect big things from the back-to-school business.

The advance guard of the war babies is crowding colleges. The

where they appeared to press demands for money from their estranged husbands. Lady Hardwicke received \$400 monthly in temporary alimony from Sir Cedric Hardwicke, right, pending trial of her divorce action. Maligne Lake Figures In Show

NEW YORK (CP)—The beauty of Maligne Lake in Canada's Jasper National Park will be featured in a "colorama" display in New York's Grand Central Terminal during September.

The Maligne Lake picture, made last summer in the shadow of the Queen Elizabeth Range in Jasper park, is the work of Peter Gales, Pasadena, Calif., photographer, who spent two weeks at the lake making exposure after exposure until he got the desired shot.

This marks the first time a Canadian picture has been used in a colorama display in Grand Central, where it will be seen at the east end of the concourse by the many thousands of travellers using the terminal.

IN COMA OVER YEAR
MONTREAL (CP)—A young pediatrician injured in an automobile accident more than a year ago has been in a coma ever since, a hospital spokesman reported Monday. The condition of Dr. Louis Farmer, 30, the father of three children, has not changed since the accident occurred. "He looks around the room now and then," the spokesman said, "but he doesn't seem to be aware of anything."

GOING BLIND

Sir Henry Holland, 85, one of the world's great eye surgeons, is going blind. He worked for years in Asia. —(AP Wirephoto.)

'Phone Book Is Moscow's "Best Seller"

MOSCOW (Reuters) — One Stalin, two Lenins, five Voroshilovs and eight Khrushchevs are listed in Moscow's best-seller — the capital's 1960 telephone directory.

The bulky, blue-covered directory, about three inches thick, was sold out in a few days after it appeared on news stands and street bookstalls.

The Stalin, the Lenins, Voroshilovs and Khrushchevs are, however, private individuals. None of the names of the country's top political leaders or members of the capital's diplomatic corps appears.

FEW COPIES
For 12 rubles (about \$2.25 at the official rate of exchange), Russians can wade through 930 pages of personal telephone numbers, those of communal apartment buildings, directions on how to use the telephone and a dozen pages of advertisements.

By far the most popular names in the directory are Ivanov, Sidorov and Petrov — the "Smiths, Browns and Jones" of the Soviet Union—but it also has a Robinson, a Parker, a Johnston and 13 Millers among the 120,000 personal numbers listed.

Only 15,000 copies of the directory have been printed. But for many years, Russians have managed without a directory, by carrying around with them their friends' numbers jotted down in diaries.

Moscow post office, however, regularly publishes a directory, providing addresses and telephone numbers ranging from that of Premier Nikita Khrushchev's secretary to a side-street drug store.

CAN'T OPEN SCHOOL
DEARBORN, Mich. (AP)—A new \$3,000,000 Dearborn Township high school will not open this September because the school district lacks enough money to hire teachers and custodial help. George McGuire, administrative assistant for the school district, said the new 43-classroom building will not open because voters had turned down two financing proposals this summer. The district's 1,850 high school students will continue to attend shift classes at another school.

Alberta's Burgeoning Cities Top Debtors in Canada

EDMONTON (CP)—The unprecedented post-war growth of Alberta has left its municipalities with debts among the highest in Canada, despite provincial assistance of more than \$1,000,000,000 in grants and loans in the last 11 years.

The total outstanding debenture debt of all Alberta municipal and school units for municipal, school and hospital purposes is \$364,875,881. This is made up of \$271,435,235 for municipal purposes and \$93,440,646 for schools.

The high debt was created by demand for various services by the population increase, especially after the discovery of oil at Leduc in 1947. Municipalities plunged into debt by building schools, hospitals, streets and by providing larger police and fire protection and welfare services.

its debt—at \$168 the highest in 1960-61 fiscal year, grants and low-interest rate loans to municipalities total more than \$1,056,000,000.

This figure—which roughly totals the amount the province received from oil and natural gas royalties and from the sale of leases in the last 13 years—includes \$762,946,435 in the form of direct and indirect financial assistance and \$293,444,021 in the form of government loans.

PER CAPITA GRANTS
Alberta leads the province in per capita municipal grants, Mr. Morrison said.

In 1959 the Alberta grants totalled \$20.47 compared with Ontario's \$18.02—the second most generous province, he said. Quebec gave the lowest per capita grants to municipalities, its

amount being \$1.57.

Of the total debenture debt of \$364,875,881, the property owners' share for local improvements totals \$10,589,533 and is self-liquidating. The debt of \$37,061,450 for public utilities is revenue-producing in addition to being self-liquidating.

Mr. Morrison said the province supplied \$242,543,231 of the total debt and through its guarantee is responsible for an additional \$61,086,766—borrowed through the government-sponsored Municipal Financing Corporation—or a total of \$303,629,997.

"This leaves local governments with a net responsibility of \$81,245,884 to groups other than the provincial government," he said.

Republicans Distressed As Nixon Goes To Hospital

WASHINGTON (CP)—Richard Nixon has been floored temporarily by an infected left knee, forcing him into a hospital bed for two weeks or more—crucial weeks in the tight fight for the presidency.

Republicans, buoyed by the vice-president's popularity gains in initial campaigning, were distressed by the sudden turn of events which may give Senator Kennedy, the Democratic standard-bearer, opportunity to make political hay on the road while Nixon is shut away from the public eye.

Doctors ordered the 47-year-old Nixon into Walter Reed General Hospital Monday after laboratory tests disclosed his left knee is infected by a potentially dangerous bacteria.

One doctor suggested this could cause infectious arthritis, visit all 50 states. Now his plans it could destroy knee cartilage may have to be curtailed.

and cause a permanent stiff joint if not caught in time. The disease yields to antibiotic treatment.

Just how deeply the infection has penetrated in Nixon's case is not known. It started 14 days ago when the vice-president hit his knee against an automobile door during a campaign trip to Greensboro, N.C. He complained of pain ever since.

Both Republican and Democratic leaders immediately expressed their sympathies and hopes for speedy recovery. Kennedy's running mate, Senator Johnson, sent flowers.

With voting day Nov. 8, both sides have indicated that every moment counts. Since the July nomination conventions the two candidates have been running hard. Nixon had said he would visit all 50 states. Now his plans it could destroy knee cartilage may have to be curtailed.

This Canadian Soldier Takes Army Orders From His Mother

CAMP WAINWRIGHT, Alta. (CP)—Pte. Paul Mainwaring of Winnipeg is one Canadian soldier who has been subject to taking army orders from his mother.

Both Pte. Mainwaring, a member of the Royal Canadian Ordnance Corps, and his mother Cpl. Marguerite Chandler, a member of the women's militia, were stationed at this eastern Alberta base this summer.

Another combination at the camp was a mother and daughter team. Sgt. Jean O'Neill and her daughter Pte. Patricia Thomson, both of Oak Bay, B.C., took their training with 155 Company, Royal Canadian Army Service Corps. There was also a 45-year-old grandmother and an 18-year-old girl who wrote some of her high school exams while at camp.

The part-time CWAC members were trained in driving and maintaining army vehicles, map reading, and radiation detection and monitoring.

Many found the camp, commanded by Capt. Kathleen Trudale of Edmonton, a welcome change from household chores. "I left my husband at home to look after things. It won't do him any harm to see what goes into running a house,"

Make Sure You Treat Twins As Individuals

By Herman N. Budescu, M.D.

If you have twins in your home you may have a big problem; in fact, you may have two big problems.

Although some twins may be hard to tell apart physically, they still need and seek individual recognition.

STRUGGLE FOR INDIVIDUALITY

This search for an individual identity can sometimes develop into quite a struggle.

The American Medical Association's publication, "Today's Health," recently put it this way: "Twins struggle for an identity which, because of the very circumstances of their birth, is constantly threatened with eclipse."

IDENTICAL OR FRATERNAL

I believe that this struggle is more pronounced in so-called identical twins than it is between fraternal twins. Fraternal babies, each with its own bag of waters and placenta, and generally do not look a great deal alike.

One may be a boy and one may be a girl and their dispositions are often entirely different.

HARD TO TELL APART

With identical twins, however, it is often extremely difficult to tell one from the other. And so there is a fight for each to become an individual distinct from the other.

Of course these twins are also apt to have different interests, talents and skills. And each twin

is likely to try to develop his or her skills or talents in a different manner.

HELPFUL SUGGESTIONS

The A.M.A. article offered these suggestions for helping twins to develop as individuals:

Dress them differently and give them different toys.

Treat them as individuals by playing up their special skills and talents.

Never refer to them as "the twins." Use their names.

Educate others never to ask the twins, "Which one are you?"

SEPARATE INTERESTS

Encourage each twin to develop his own interests.

Encourage each twin to cultivate some friends he can call his own.

And encourage each twin to spend some time on his own away from home.

QUESTION AND ANSWER

Mrs. E. C. J.: I have been told that desiccated liver is helpful in some cancer cases. What is your opinion?

Answer: Desiccated liver may help some of the effects of cancer such as anemia, but does not influence the cancer itself.

CANGE DUMP SITE

KAMLOOPS (CP) — City council is considering changing the site of the city dump, currently next to the cemetery.

Don Waddell said on occasions the rattling of cans has caused annoyance at funeral services.

CONTRACT BRIDGE

The bidding:
 West North East South
 1 ♠ 2 ♠ Pass 2 ♥
 Pass 3 ♥ Pass 4 ♥

Opening lead—king of spades.

The principle of avoidance enters into the planning of many hands played by declarer. It is a common thing for declarer to find that one of the defenders is much more dangerous to have in the lead than the other, and the declarer therefore shapes his play however he can to prevent assuming the lead.

For an unusual application of this principle, we have today's hand where South is in four hearts. He sees he must lose a spade and a diamond and that there also is the danger of losing two club tricks. The ace of clubs

is marked by the bidding to be in West's hand.

One possible way of escaping two club losers is to lead the A-K and another diamond. If the suit happens to be divided 3-2, the two remaining diamonds will become tricks on which two clubs may be discarded. The trouble with this method of play, however, is that East may be the one to win the third diamond lead, and a club return will prove fatal.

So declarer plans his play to avoid East, who is the dangerous opponent. He allows West to win the opening spade lead. Assume West returns the jack of diamonds. Dummy takes the king— it would be wrong to duck because East could win the trick and lead a club to kill the contract.

Continuing his plan of avoiding East, declarer now makes a strange play—he leads a low spade from dummy! West takes the jack and returns the ten of diamonds.

Dummy wins an deashes the ace of spades, South disposing of this diamond. Now South ruffs a diamond high, establishing the 8 as winners. Three rounds of trumps are drawn, ending in dummy, and two clubs are discarded on the two good diamonds.

West still gets a club, but declarer makes four. In order to avoid East's ever taking the lead, South arranges to lose two spades and no diamonds, instead of one spade and one diamond.

YOUR HOROSCOPE

FOR TOMORROW

Fine Planetary influences continue, promising excellent returns to those who forge ahead with initiative and a spirit of enterprise. Especially favored: business and career matters; also dealings with superiors and/or elders.

FOR THE BIRTHDAY

If tomorrow is your birthday, your horoscope indicates that, from now until the end of 1960, it would be well to give careful thought to all financial and business matters. There should be several periods—notably in early October, late November and mid-December—when you can make advances but, during the intervening periods, miscalculation or over-extension could hurt your

set-up, unless you are alert. Be extremely cautious along these lines in September.

June, next July and August should be pleasant months where social, domestic and travel interests are concerned, and November of this year should see favorable developments in occupational matters. You can also look for happy romantic situations in November, and for some excellent news in late December—news which should get you off to a good start in 1961.

A child born on this day will be extremely ambitious and a natural teacher, but may have to curb tendencies toward irritability and a tendency to dominate, or he could stymie his most perfect development.

NOW NO. 31 — Alan Maver

WILLIAMS, OF THE BOSTON RED SOX, MOVED UP TO 3RD PLACE IN THE ALL TIME HOME RUN DERBY WHEN HE WALLOPED NO. 512—HIS 20TH OF THE 1960 SEASON.

BABE RUTH'S RECORD OF 714 HOMERS IS SAFE, BUT JIMMY FOXX'S RUNNER-UP SPOT AT 533 WON'T BE SAFE IF TED PCLAYS ANOTHER SEASON.

Canada Urged To Break Economic Hold Of U.S.

VANCOUVER (CP)—Dr. Walada should leave the North American Air Defence Organization, inquiry produced the lion and end her economic sub-1955 Gordon report on Canada's servitude to the United States. "trend," he told the National Federation of University Students.

Canadian university student representatives Canada now faces a difficult choice.

Canada must decide "either to accelerate the pace of further integration with the U.S., politically as well as economically, or alternatively to take steps with-out delay to reverse the present trend," he told the National Federation of University Students.

He said he hoped Canada would choose to break the economic hold of the U.S. and regain her independence even though this would mean less rapid development and a more gradual rise in standard of living. Dr. Gordon also called for drastic action to meet the threat of chronic unemployment.

CONGO REPUBLIC HEAD VISITS ISRAEL

White-gowned Abbe Fulbert, public, formerly the French Youlou, president of Congo Republic, acknowledges greeting of Israeli President Izhak Ben-Zvi in Jerusalem, after a reception in honor of the visiting chief of state. (AP Wirephoto.)

Blow Your Top To Stay Healthy, Says Milt Berle

NEW YORK (AP) — Milton Berle, rich and famous and owner of a stockpile of at least 8,000,000 jokes, has a simple formula for staying healthy. Blow your top.

"The quickest way to get ulcers is to hold in your feelings when you are upset or annoyed," the comedian said.

"I believe in letting them out—not in tears, but verbally. A good shout can prevent an ulcer."

"I learned that early in television when I was producing my own stage show—and sweeping off the stage, too. You have to let off steam."

has starred in vaudeville, movies, radio and television, and he is still one of the nation's highest-paid night club entertainers.

CROSS-INDEXED JOKES

"I kept a copy of every routine I ever did, and I bet it's thousands," he said, flicking the ashes from a fat 7½-inch cigar.

(Milt says he smokes or gives away 25 of these expensive cigars a day, which makes his annual stogie bill in the neighborhood of \$10,000.)

"I believe I have one of the largest joke files in the world. It has about 2,500,000 cards on which are cross-indexed between 8,000,000 and 10,000,000 jokes."

"I rarely use it myself—I keep about 200,000 jokes ready in my head—but I've made it available free to young comics coming up, and I've willed it to the Library of Congress."

Many people have wondered

how Milton has stayed on top so many years, but Berle, still as brash as a burp at a wedding ceremony, has no doubt. He feels it is the quality of endurance beaten into the real show world pros by hard times in their youth.

REJECT PROPOSAL

SAN FRANCISCO (AP)—The American Hospital Association rejected a proposal that it recommend adoption in the U.S. of Canada's system of government financing of all hospitals. At its 62nd annual meeting Monday, delegates were told by Louis Reed, medical economics professor at Cornell University's graduate business school, that the association should consider the Canadian plan. Instead, the convention accepted a recommendation that the Blue Cross medical insurance plan be strengthened.

India And Pakistan Earnestly Trying To Mend Differences

BOMBAY (CP) — India and Pakistan are in the midst of earnest attempts to compose the differences which have bedevilled their relationships during the last few years.

Observers are confident that the expected signing of a treaty with the sharing of the waters of the Indus River basins will produce unprecedented goodwill. This dispute has caused even more bitterness than the Kashmir question.

There now are indications that the treaty will be signed by the end of September and Prime Minister Nehru has said he would be willing to travel to Rawalpindi, the capital of Pakistan, for the signature ceremony.

Reports published in the Indian and Indian press suggest Nehru's readiness to go to Pakistan has had a favorable reception everywhere. Newspapers have greeted the announcement with warm praise.

While there has been no sin-cerity wanting on the part of India and Pakistan, the imminent treaty will be largely the result of financial assistance offered by a consortium of five nations including Canada, Britain and the United States.

This generous help by Western nations, it is noted here, has gone a long way in impressing Indians and Pakistanis that the West is not interested in perpetuating the differences between the two Commonwealth neighbors as is free government and a more orderly society.

On their part, Pakistanis have reacted favorably to the growing Indian understanding of their country's peculiar problems.

There are still some major sources of friction between India and Pakistan but observers understand the decline of the fact that in the last 18 months relations have improved considerably.

One sizable achievement has been the total elimination of border incidents. Sporadic shooting incidents along the India-Pakistan frontier were a source of continuous tension two years back.

Smuggling across the frontier also has been curbed, thanks to the co-operation of the police forces of the two countries.

Nova Scotia Hardest Hit In Forest Fire Outbreak

HALIFAX (CP)—Forest fires were on the rampage throughout the sun-seared Atlantic provinces today, destroying timberlands and homes and threatening communities.

Hardest hit of the four provinces was Nova Scotia, where at least 31 fires were burning. Two communities were threatened.

The number of fires reported in Newfoundland jumped into the double figures as 19 were reported. Most of these were burning on blueberry grounds.

In New Brunswick, 2,000 men in "grave danger." Also battling 28 blazes gained a brief respite as scattered showers moved into the province.

Fires were out of control in Prince Edward Island. An estimated 25 homes were destroyed in the Portage-Tyne area 25 miles west of Summerside.

The New Brunswick village of Sonier was threatened with destruction until Monday night when a downpour and shifting winds drove flames away from the community of 700. Women and children had been evacuated during the day. One home was destroyed on the outskirts of the village.

Officials said Sonier was still in "grave danger." Also reported in danger were the communities of Fracade and Sheila. No injuries or deaths were reported.

TRADE GROWING

An indication of the average Indian's confidence in the stability of internal conditions is provided by the fact more and more Sikhs are visiting their religious shrines in the interior of Pakistan.

Trade between the two countries is still hampered by various restrictions but more goods than before are flowing across the frontier.

Indians freely admit that all these improvements could not have taken place but for the helpful attitude of Pakistan's military rulers.

The ability of General Ayub Khan's government to smooth out tangled problems has impressed Indian official and public opinion.

In India, there is still regret that parliamentary democracy in Pakistan had to be replaced by military rule but at the same

SHEAFFER

WRITING INSTRUMENT

SHEAFFER'S PFM... "PEN FOR MEN"

Bold new pen designed for men. Sheaffer PFM is rugged, takes man-sized pressure. Writes with true character. Only inlaid precious metal point in the world! Famous Snorkel filling tube. And its loss-proof clip grips any fabric!

\$10.00 TO \$25.00

SHEAFFER'S ADMIRAL SNORKEL

Brings you all the advantages of the famous Snorkel filling tube. No "dunking"—only the Snorkel filling tube touches ink. Now you can own a really fine writing instrument at a low price.

\$8.75

SHEAFFER'S CRAFTSMAN TIPDIP

With the Sheaffer TIPDIP fountain pen you get no messy, inky barrel. Unlike other fountain pens, the TIPDIP pen fills right at the tip of the nib. You just dip the tip in the ink (Sheaffer's Skrip or course) pull out plunger, press plunger home, and your pen is filled. Choice of colours and 14 kt. gold points.

\$3.95

SHEAFFER'S Skripsert

The Sheaffer Skripsert Pen never goes near an ink bottle. You just drop a cartridge of famous SKRIP writing fluid into the barrel and write. And the writing is smoother, than any you've ever experienced, because the tubular nib of precious metal gives a better fluid control.

\$5.00

SHEAFFER'S Skripsert

You can refill the Sheaffer Skripsert pen right at your desk. Flip out old cartridge—flip in new. Carry spare cartridges in pocket or purse—they're spillproof. Choose colour and point that suit you.

\$2.95

SHEAFFER'S Feathertouch

A fountain pen with lever filling action... made by Sheaffer craftsmen. Never before such a fine writing instrument at such a low price. Provides replaceable nib. Choice of colours and points.

\$1.95

Now Skripiter BALL POINTS

STAINLESS STEEL CAP **\$2.49**
